What Is TwinkleToes?

TwinkleToes is a mobile dance company. We travel to local preschools and daycares teaching Ballet, Jazz, & Tap dance lessons to boy & girls ages 2.5 - 5 years old.

How Do Private Lessons Work?

We come to your home or location of your choice to host your private class. We will either meet with you or email you to set up the day/time that you would like to host the class. (Please note: spots are first come/first serve)

What Do Students Benefit From TwinkleToes Private Lessons?

Students will receive one on one instruction time with their dance instructor. This is a great option for little ones who may not be ready for a larger group setting. It's a great stepping stone into a TwinkleToes class at one of our locations and/or a dance studio. Not only do we teach Ballet, Jazz, & Tap dance genres but we focus on many other skills that our students carry with them in and out of their lessons. Some of those include:

- Balance
- Coordination
- Memorization
- Team Building
- Social Skills
- Self-Esteem Building
- Creativity
- Space and Self Awareness
- Overall Health & Fitness
- Sparkling A Passion For Dance!

Where Should We Host The Class?

Private classes can be held in your home or at a location of your choice. If hosting the class at your home we ask that there is enough space for us to dance in and that it is a quiet place for our students to stay focused on their lesson. You can also host private lessons at community centers, parks, banquet facilities, etc but there are normally other costs associated with renting space. *Participant's guardian/parent are responsible for providing a location and additional travel costs may apply depending on location.

How Often Can We Schedule A Private Class?

We can come every week, every other week or once a month. If you have a schedule in mind, we are happy to work with you and to plan something that everyone is happy with. Please keep in mind that days/times are first come first serve.
