

Make It Fun

BRING THE CLASS HOME!

Fun Ways To Bring The Class Into Your Dance Space At Home!

Create your own dance space in your living room, bedroom, hallway, yard, or anywhere you have enough space for your little dance to move freely. You may need to move furniture out of the way for the class.

Grab some fun things around the house like a beach towel to use as a space marker, stuff animals as your "audience", and fun items that can be used as props (see lesson outline for more ideas)

Dress up in your favorite Frozen II costume or ballet outfit

Get the whole family involved for a fun dance class at home!

Use your mini dance combo to put on a performance for your family!
