

## Let's Spread The Word!

We're so excited to have the opportunity to share our wonderful dance program with your students. To help spread the word, we will create a web page just for your school!

Once your page is created, we will email you a link that you can send out to all your parents. It's super simple! All they have to do is click the link, read about the program, and register their little one to join  
TwinkleToes!

Visit our sample link to check it out!
